As per the procedure laid down in the Civil Services Examination Rules-2024, the Medical Examination of the candidates appearing in Interview/Personality Test is conducted for checking the physical health of a candidate preferably on the next day of Interview/Personality Test. Rule 18 of CSE Rules-2024 stipulates that a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of duties as an officer of a Service. Any candidate, who after such Medical Examinations as may be prescribed by the Government or the appointing authority, as the case may be, is found not to satisfy these requirements, will not be appointed. This applies to all candidates, except in case of those recruited against vacancies meant for "Persons with Benchmark Disability" category to the extent of the admissible disability. **The prescribed Medical Examination is an essential part of the Civil Services Examination process and is, therefore, mandatory.**

2. **No candidate shall be appointed in any Service through Civil Services Examination-2024 without completing Medical Examination. The onus to cooperate fully with and to desist from non-appearance on scheduled dates or leaving incomplete the Medical Examination or malingering etc. during the entire process of Medical Examination shall be upon the candidates.** Failure for any reason whatsoever on part of candidates to complete the Medical Examination/s as per the specified details or within the time-limit as may be prescribed by the Government or the appointing authority or as per the advice of the Expert Panel(s) or Medical Board(s), as the case may be, shall render such candidates liable for cancellation of their candidature at the Civil Services Examination-2024 ; and no extra opportunities for completion of the prescribed Medical Examination/s shall be provided in any case.

3. The candidates, whether their **names are recommended in the Main List by UPSC or otherwise**, are advised to go through the provisions of Civil Services Examination-2024 Rules regarding Medical Examination. Ambedkar Hospital, Guru Nanak Eye Centre, New Delhi, AIIMS, New Delhi and Army Hospital (Research & Referral), Delhi. 6. The general Medical Examination of the Person with Benchmark Disability (PwBD) category candidates would be scheduled only at Safdarjung Hospital, New Delhi. The BDEP, AIIMS, New Delhi shall, after due examination, furnish in every case a Report clearly certifying the percentage of Benchmark Disability or any other finding. The Central Standing Medical Board (CSMB) will give its recommendation on the basis of the report of the general Medical Examination and the report of the BDEP, AIIMS, New Delhi.

7. Under no circumstances would any request for rescheduling of Medical Examination be considered. Therefore, the candidates are requested in their own interest, to get their Medical Examination completed as per the schedule communicated to them. **Candidates are informed that their presence may be required for a period of 4-5 days in case any investigation/hospitalization is considered necessary by the CSMB/Hospital. lodging accordingly. The candidate should leave the Medical Examination only after obtaining a relieving letter in the prescribed format (Attendance Slip - Annexure-I) to be issued by the Chairman, CSMB or an authorized representative and to submit it to UPSC in original without fail and is also required to keep this in possession as a proof of completing the Medical Examination.
